

INDIAN AMERICANS FOR FREEDOM

On behalf of millions of Indian Americans in the US

Congratulates and Salutes Hon. Narendra Modi

For his Third Term Landslide Election Victory
as Chief Minister of Gujarat (Dec 20th, 2012)

**Not only India ...
the World needs Modi!**

In the 1980's there were President Reagan and PM Margaret Thatcher who forever changed the world we live-in, **Now it is Hon. Modi's turn to make similar impact in near Future!**

Modi is a most welcome ...

- **Agent of hope and change in the world ...**
- **Messenger for Humanity to rise above cast, creed, religion, personal life styles and social status ... For Economic Growth for All ...**
- **Resolute & Firm Voice/Policy against Terrorism like Reagan calling the Ex-Soviet Union an "Evil Empire" ...**

Whereas we are engaged in class warfare on all fronts (2% Vs 98%, Makers Vs Takers, Pro-life Vs Pro-choice to name a few)...Whereas the US teeters on the brink of Fiscal Cliff & Incredible red ink (every new born baby with a debt of over \$1 million),

Our Politicians can learn a little bit from Modi in how to Govern and Solve problems in Washington

Here are some undisputed facts even Modi critics have to acknowledge... The remarkable achievements in the state of Gujarat (60 million people) under his stewardship...

Shalli Kumar
Ex-Member of
Business Advisory
Council of
President Reagan

- **More than 10% GDP growth per year for last 10 years**
- **Best governance with no power outs in the state of Gujarat, in a country plagued with perennial power shortages.**
- **BJP winning almost 2/3rd of legislative seats across the state...Even winning Muslim majority constituencies**
- **Most non-corrupt and efficient government in history of India. It is incredible that 500,000 state employees, who have "worked twice the hours in the last ten years as compared to most Indian bureaucrats" voted 75% for his party, BJP.**
- **Most peaceful period in Gujarat history in last 10 years**
