Indian Americans for Freedom and its supporters shall stage a peaceful demonstration against false and highly irresponsible statements made by Duckworth's campaign against Hon. Narendra Modi, the Chief Minister of the state of Gujarat in India as well as IAFF. We shall present a memorandum to Ms. Duckworth outlining all her misquotes and demand an apology and correction. We hope that just like some of the other senior leaders of her party, she would retract the statements she has made with respect to radical elements of Islam amongst us.

Ms. Duckworth has angered a large number of her constituents by making these remarks, and we expect almost 150 of them to lodge this protest.

Indian Americans constitute almost 10% of the Illinois Congressional District 8.
